Managing your risks, protecting your interests

Trusted advisers to the industry

Risk management – on and off-site – can be a minefield. How do you operate an agile, efficient and profitable business when complexities seem to surround every process? How do you manage risk effectively, when new risks present themselves so frequently that you can't possibly recognise them all?

The partners you engage have to be able to meet the challenges of a constantly changing landscape, identify and pre-empt new challenges that are likely to affect you, and think laterally to solve problems. Our services include the following:

Standard insurance covers:

- ✓ Contractors' all risks (CAR)
- ✓ Erection all risks (EAR)
- ✓ Contractors' plant and equipment
- ✓ Hired in plant
- ✓ Own plant
- ✓ Public liability
- ✓ Non-negligent cover – JCT Clause 6.5.1
- ✓ Employers' liability
- ✓ Commercial vehicle / motor fleet
- ✓ Delayed start up / advanced loss of profits
- ✓ Office cover
- ✓ Property owners
- ✓ Transit risks
- ✓ Engineering inspection

Specialist insurance covers:

- ✓ 10 year structural warranties – through our own structural warranty facility named Protek
- ✓ Latent defects insurance
- ✓ Bonds and credit insurance
- ✓ Professional indemnity and directors' and officers' insurance
- ✓ Management liability insurance
- ✓ Cyber liability
- ✓ Contract vetting services for insurance implications

Wider services:

- ✓ Health and safety and employment law risk management solutions
- ✓ Business continuity planning
- ✓ Claims management and disaster recovery
- ✓ Valuations and asset tracking
- ✓ Key person protection
- ✓ Crisis management

Solutions to meet *your* needs

Organisations of different sizes, involved in a broad range of activities, like working with us because of our proactive, consultative approach to helping them address all manner of challenges.

Every company has its own character and every project is unique, so the advice and solutions you receive need to reflect your individual needs.

We can help you protect the reputation of the company working collaboratively in a tri-partite with the insurer, company and client.

We know the questions to ask – and will take the time to ask them – to ensure that every eventuality is considered. Then, we can put together a programme focused on your particular challenges.

Strict HSE regulations; the additional compliance requirements of the Local Authority, CDM and BIM; latent defects, collateral warranties and performance bonds; and the many nuances of your particular trade – we can help.

Our differences

- Independently owned, so our solutions are dictated entirely by our clients' needs.
- Access to over 300 insurers, including specialist markets for civil engineering and timber frame.
- Proud members of Constructing Excellence – the organisation charged with setting standards and driving the changes in construction.
- Proud to be the approved insurance broker to the Structural Timber Association (STA) and members of the National Custom & Self Build Association (NaCSBA).
- Our own structural warranty facility named Protek.
- Clients from all aspects of the industry – from self build to major property development, and from the family business to the major UK contractors.
